

# Quick Reference Guide

The resources currently held by the Utah Department of Health are stored at the department's warehouse or in trailers prepositioned across the state. Any resource or asset can be request by going through your local Coalition Coordinator to be used for preplanned events, pre-Stafford Act emergencies, and during a declared emergency.

[Regional Map w/ Contact Info](#)

- To request resources during a pre-Stafford Act emergency: In coordination with the Local Health Department and UDOH, there is a 24hr UDOH Disaster Line at **1-866-364-8824** and follow up that request with an email to [udohdoc@utah.gov](mailto:udohdoc@utah.gov).
- During a declared emergency local emergency operation centers (EOC) should work through their ESF 8 personnel to request resources through the State EOC.
- For preplanned event requests please complete the form below and a member of the logistics team will respond you in a timely manner;  
On Line Logistics Request Form: <https://goo.gl/forms/lsUrfuaHwXmszuNj2>
